### **WELCH DENOUNCES WALBRIDGE SCHEME**

Former Republican Manager Refuses to Keep Silent Under Denunciation of Politicians.

#### OPPOSED TO CORRUPT DEALS.

Said That the Butlers Will Soon Give Interviews Announcing Their Intentions to Support Folk.

Clinton A. Welch, who managed the campaign for the Republicans in St. Louis wo years ago and who furnished the first evidence to the Federal authorities regarding naturalization frauds, said yesterday that he did not intend to be sacrificed by the hucksters now in control of the party organization, because of his ex-posure of the Walbridge-Butler deal. Since the St. Joseph State Convention,

the Missouri State Republican, edited by E. C. Brokmeyer, and a number of country Republican papers, which are allied with the Walbridge crowd, have been attacking Weich and impugning his mo-

simply did my duty by exposing the unholy alliance before the State Convention acted. It may not harmonize with the present organization's idea of politics, but it has the merit of being honest.

"I fail to see how my making the charge that a corrupt deal was made by the anti-Roosevelt forces in the State, aided by some Federal officeholders, with the criminal elements of the Democratic party can be constructed as in aid of any Democratic nominee, as the deal was to give up everything on the State ticket, except the Republican nominee for Governor was to be suported by the criminal element of the Democratic party. No account was to be taken of the Republican electoral vote and the Republican city ticket this fall and next spring were to be sacrificed.

"It is evident that it is the exposure of the corrupt alliance that has struck consternation in the camp of the political hucksters and not the existence of the alliance. The only thing I regret is that I did not hear of the corrupt deal in time to have organized enough honest, patriotic Republicans together to have defented the scheme.

"Missouri could have been carried for Roosevelt and Fairbanks and also mest, if not all, the Republican State ticket if the opportunity had not been huckstered away, Some of the men now in active control of the party were deposed from the City Committee two years ago by the State Committee for bartering away the rights of the party.

Just what Mr. Welch will add to the

der fire."

Just what Mr. Welch will add to the facts he has already given regarding the "unhois alliance" is not known. For a number of years he was one of the leading directors of the St. Louis Republican Club. He was opposed to the combination of the Hamilton Club crowd that now controls things among Republicans in St. Louis. Whether he will give some of the details concerning the conduct of these organizations is not known.

According to a Republican worker who is in touch with the Walbridge beomers, both Edward Butler and James J. Butler will give ostentations interviews stating that they will support Folk for Governor. The Republican politicians evidently figure that the support of some men is more dangerous in the public eye than their opposition. Recent history is too fresh in their minds for them to doubt the proposition.

their opposition. Recent history is too fresh in their minds for them to doubt the proposition.

Republicans point to the vote which was given in the Butler wards for Zachritz and Talty, Republican nominees for Circuit Judges, two years ago, against Judges McDonald and Taylor, as evidence as to what the Butlers can do if they wish, James J. Butler ran for Congress at that time. There were three judicial nominees for both parties.

Foster (Dem.) not opposed by the Butlers, received a majority of 14.913 over McQuillen (Ren.). McDonald (Dem.), opposed by the Butlers, received a majority of 6.255 over Zachritz. Taylor (Dem.), opposed by the Butlers, received a majority of only 4.333 over Talty.

Remembering these figures, the Republican politicians are not losing any opportunity to abuse Mr. Welch, who exposed the scheme whereby it was contemplated that Walbridge should get the benefit of the Butler kniffing of the Folk ticket. While the Republicans expect the Butlers to voice with much repetition their undying loyalty to Folk, they are also counting upon a repetition of the support that was given to Judges Talty and Zachritz when they were nominees for re-election.

B. F. Jeter, secretary of the Democratic City Central Committee of Butler. Bates County, is in the city visiting the World's Fair, he is one of the active workers of that county and well known in the Sixth District.

"Everything points to an unusually large Democratic majority in Bates County this year," he said, "The Republicans are fighting harder over the post offices than ever. The post-office crowd dominated the last convention.

"The nomination of Folk for Governor has helped the Democrate a great deal. I think that anywhere from 20 to 250 Republicans will vote for him this fall, in our county alone. One of them, John Armstrong, of Rich Hill, was nominated for Judge in the southern district, but refused to run, and will vote for Folk and Oglesby. We have made an especially strong nomination for Representative, James M. Sharp, an original Folk man. The Democrate of Bates County are feeling better than for years."

#### SPRIGHTLY STAGE BILLS TO BE SEEN NEXT WEEK

Frank Daniels and his company will arrive from New York this afternoon. Fri-day they will rehears: "The Office Boy." preparatory to its production at the Olympic next Sunday evening.

As seen here last season, "The Office Boy" proved to be plentifully supplied with light music. The funciest song was "I'm On the Water Wagon Now," which Daniels sang. The story was just sufficient to give reason for a train of humorous incidents.

Sallie Fireher, whose singing was such s feature of the performance, is again to be heard.

The Century will open Sunday night with Blancke Ring and Harry Conor in "Vivian's Papes." The play is a farce by Lee Ditrichstein, author of "Are You a Mason?" and "All on Account of Eliza." Blanche Ring, who is to appear as Vivian is the American girl who made her debut in New York two seasons ago, and who within one year played in no less that six musical comedies. "Vivian's Papas" gives her opportunities to sing a number of the songs she made famous in the East, including "Bedelia," "The Belle of Avenue A" and "Claudie," Her latest number is "Kate Kearney."

Harry Conor is the well-known Hoyt comedian. His new part is said to be the funniest he has interpreted since the days of "A Trip to Chinatown.",

Heromich Shugio, Commissioner to the

Louisiana Purchase Exposition, and a party of Japanese ladies recently attended a performance of "The Darling of the Cods" at the Imperial. One of the ladies was the Japanese actress, Tita Morita, who is attending the World's Fair, accom-panied by her chaperon, Mme, Kamagashi, and her sister, Morita.

Mr. Shugio is a personal friend of J.

Harry Benrimo, the actor in Miss Bates's company who plays the two parts of Selgon, Prince of Tosan, and Kato, a Fisher of Carp. Mr. Shuglo and Mr. Benrimo are fellow-members of the Players' Club in New York.

After the third act Mr. Shugio, accompanled by Mme. Morita and her entourage, went behind the scenes, where Mr. Benrimo introduced them to Miss Bates. They were delighted with the American actress's impersonation of a Japanese Princess.

A special matinee will be given at the Olympic this afternoon to celebrate the seventy-fifth performance of "Way Down East" in St. Louis, Each lady present will receive a handsome souvenir programme. There will also be a matinee on Saturday, the engagement of "Way Down East' closing Saturday night.

Bolossy Kiralfy continues to add ballets and tableaux to the Louisiana Purchase spectacle at the Odeon. A hit of the performance is the specialty given by the acrobatic pony ballet. In speaking of this act the other night, Mr. Kiralfy said; "It would be impossible to produce the effects in the short time aliotted to the specialty were it not for the fact that the girls, with one exception, have been on the stage since their infancy. They are natural acrobats."

Fritzi Scheff, the operatic prima donna, as coined a new and expressive musical phrase. During a rehearsal of her new opera, "The Two Roses," the other day, she finished a somewhat intricate sorg, and then, with a little exciamation of impatience, she turned to Ludwig Englander, "I cannot sing this song that has a tail

Mr. Englander stopped aghast, his butor raised in the air, and the chorus and principals tittered audibly. "I don't care. I cannot say what I

it. And in the future I will write no more zoological music."

"At Cripple Creek" is attracting a big patronage to Havlin's Theater. The midweek matinees, which were so popular last season, are egain in vogue.
"The Convict's Daughter" will be the next attraction.

"In the Shadow of the Gallows" is to be succeeded by "A Girl of the Streets" at the Crawford. Lillian Mortimer, a clever young actress, will play Kit, the street

Many Persons Have Backache and Kidney Trouble and Don't Know It.

Mr. George King, Deputy Sheriff of Reneselaer County, New York, for years was a well-known merchant of Troy. In a

letter from No. 45 King St., Trey, N. Y.,

"Peruna cured me from what the doctors were afraid would turn into Bright's Disease, and after you have gone through the suffering that I have with catarrh of the bladder and kidney trouble and have been cured you are pretty apt to remember the medicino

that did the work.
"Peruna is a blessing to a sick man Eight bottles made me a well man and were worth more than a thousand dollars to me. I cannot speak too highly of it. It is now four years since I was troubled, and I have en-joyed perfect health since. Every spring and fall I take a bottle of it and it keeps me well. I freely recommend Peruna."- George King.

More people suffer from kidney trouble than any other allment. Backache is generally the first symptom of diseased kidneys. Half of all cases of kidney trouble are due to catarrh of the kidneys. At first appearance of such symptoms Peruna should be taken. It strikes the root of the disease. It relieves the catarrhal kidneys of the stagnant blood, excreting the scrum from the blood. Peruna stimulates the kidneys to expel from runa stimulates the kidneys to expel from
the blood the accumulated polson and
thus prevent the graver results which are
sure to follow if poisons are allowed to
remain. Peruna cures kidney disease because it cures catarrh wherever located.
Peruna stands before the nation as a
thoroughly tested, accurately scientific
internal remedy for catarrh. There are
practically no medicinal rivals in the field.
